ICT TECHNICIAN   09/2018 – 06/2021
OSAO Kaukovainio technical unit, Oulu

WORK EXPERIENCE

TELECOMMUNICATIONS TECHNICIAN | VOIMATEL OY, OULU   06/2023 – Present

- Installing and fixing 5G antennas, mesh routers and network ports to private customers.

SERVICE DESK | FLEX LTD, OULU   07/2021 – 11/2021

- IT support for employees of the local site in Oulu. Mostly consisted of installing and configuring new computers for employees on the site along other tasks.

PROJECTS

MovieHub

- Developed a movie review website made using React, CSS and JavaScript. The website utilized database and APIs for storing and fetching data. Learned a lot about frontend and backend development.

ATM simulator

- Developed an ATM application to simulate bank transfers, withdrawals and deposits using C++ (QtCreator), JavaScript and MySQL. Learned about project management, QtCreator Designer and OOP.
